About Me

I am a student at the Sepuluh Nopember Institute of Technology with a strong interest in construction engineering, particularly in water resources infrastructure. I have mastered the basics of engineering drawing, cost planning calculations, and project implementation in the field. With my systematic analytical and problem-solving skills, I am able to work in a structured manner and make effective contributions. I am known as a disciplined, adaptable, and highly motivated individual who strives for continuous development.

Soft Skills

- Analytical Thinking
- Communication Skills
- Teamwork
- Problem Solving
- Adaptability
- Willingness to Learn

Hard Skills

- Hydrological Analysis
- Technical Drawing (AUTOCAD)
- HEC-RAS & HEC-HMS
- Data Processing (Microsoft Excel)
- Microsoft Word
- Surveying Skills
- Technical Documentation

Experience

Askari Nusantara Group — **Feb 2024 - Present**
Chief Education Officer

Ini Lho ITS! 2023 — **Nov 2022 - Feb 2023**
Secretariat Division Staff
